Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. Alternatively you can choose to share your downloadlinks on blogs, forums and social networking sites. Simply upload your file and share the link. You decide who you want to share your files with. You can givethis download link to your friends by mail or instant messenger. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file,data is being transferred between your computer or phone and our servers, then from our servers to your friends device. This is easy, fast and reliablefilehosting! You don't need any kind of premium-accounts. There are no restrictions on the number of times a file can be downloaded. Why pay storage fees fora file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps.Any file in any format can be uploaded and downloaded for free. You can upload any type of file (movies, music, documents, images, zip files and more).Using file, you can circumvent those limits without paying to upgrade your team chat service. Files can be downloaded from any computer from our high speedservers. No account or credit card is required to get started. Our service is completely free for everyone. It is also allowed to link to the download page fromwebsites and communities. If only we could, we surely would! On the other hand, using file can actually save you money. So try our free and simple filehostingservice now. Keep your files private, or send your download links only to friends or family. Unfortunately, we can't make that part free. filehosting provides aneasy possibility for you to send large files to your friends. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Thecost of that data transfer is covered by your internet service or the data plan on your phone. We have no file size limit. File is free to use with no gotchas and no hidden fees. You don't need any special software installed to be able to download your files. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.
