Maybe even better than free.

No account or credit card is required to get started. You decide who you want to share your files with. Alternatively you can choose to share your download links on blogs, forums and social networking sites. So try our free and simple filehosting service now. It is also allowed to link to the download page from websites and communities. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. We have no file size limit. Our service is completely free for everyone. Unfortunately, we can't make that part free. Just upload the file you want to share with your friends and we send you a download link to your file. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Any file in any format can be uploaded and downloaded for free. There are no restrictions on the number of times a file can be downloaded. Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. File is free to use with no gotchas and no hidden fees. You can give this download link to your friends by mail or instant messenger. File transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Using file, you can circumvent those limits without paying to upgrade your team chat service. You don't need any special software installed to be able to download your files. The cost of that data transfer is covered by your internet service or the data plan on your phone. Keep your files private, or send your download links only to friends or family. filehosting provides an easy possibility for you to send large files to your friends. You can upload any type of file (movies, music, documents, images, zip files and more). When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. If only we could, we surely would! On the other hand, using file can actually save you money.
