Any file in any format can be uploaded and downloaded for free. If only we could, we surely would! On the other hand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers. The cost of that data transfer is covered by your internet service or the data plan on your phone. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. filehosting provides an easy possibility for you to send large files to your friends. Keep your files private, or send your download links only to friends or family. It is also allowed to link to the download page from websites and communities. Just upload the file you want to share with your friends and we send you a download link to your file. So try our free and simple filehosting service now. You can give this download link to your friends by mail or instant messenger. Unfortunately, we can't make that part free. File is free to use with no gotchas and no hidden fees. There are norestrictions on the number of times a file can be downloaded. You can upload any type of file (movies, music, documents, images, zip files and more). Noaccount or credit card is required to get started. We have no file size limit. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. You don't need any special software installed to be able to download your files. You decide who you want to share your files with. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Using file, you can circumvent those limits without paying toupgrade your team chat service. Our service is completely free for everyone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Simply upload y
