Maybe even better than free.

No account or credit card is required to get started. It is also allowed to link to the download page from websites and communities. Any file in any format canbe uploaded and downloaded for free. Alternatively you can choose to share your download links on blogs, forums and social networking sites. filehostingprovides an easy possibility for you to send large files to your friends. Simply upload your file and share the link. If only we could, we surely would! On theother hand, using file can actually save you money. You decide who you want to share your files with. Using file, you can circumvent those limits withoutpaying to upgrade your team chat service. You don't need any special software installed to be able to download your files. Just upload the file you want to sharewith your friends and we send you a download link to your file. The cost of that data transfer is covered by your internet service or the data plan on your phone. Unfortunately, we can't make that part free. You can upload any type of file (movies, music, documents, images, zip files and more). Keep your files private, or send your download links only to friends or family. You can give this download link to your friends by mail or instant messenger. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Files can be downloaded from any computer from our high speed servers. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. File is free to use with no gotchas and no hidden fees. There are no restrictions on the number of times a file can be downloaded. So try our free and simple filehosting service now. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. Our service is completely free for everyone. We have no file sizelimit. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees.
