You can give this download link to your friends by mail or instant messenger. Our service is completely free for everyone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Just upload the file you want to share with your friends and we send you download link to your file. filehosting provides an easy possibility for you to send large files to your friends. Files can be downloaded from any computerfrom our high speed servers. You decide who you want to share your files with. There are no restrictions on the number of times a file can be downloaded. Fileis free to use with no gotchas and no hidden fees. Using file, you can circumvent those limits without paying to upgrade your team chat service. Unfortunately, we can't make that part free. No account or credit card is required to get started. Simply upload your file and share the link. So try our free and simplefilehosting service now. We have no file size limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. Your walletwill be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You can upload any type of file (movies, music, documents, images, zip files and more). Keep your files private, or send your download links only to friends or family. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing youmoney in data storage fees. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You don't need any specialsoftware installed to be able to download your files. Any file in any format can be uploaded and downloaded for free. It is also allowed to link to t
