Maybe even better than free.

Keep your files private, or send your download links only to friends or family. Using file, you can circumvent those limits without paying to upgrade your team chat service. No account or credit card is required to get started. You don't need any special software installed to be able to download your files. The cost of that data transfer is covered by your internet service or the data plan on your phone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You can give this download link to your friends by mail or instant messenger. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. When you use file, you avoid storing the file you're sending in yourcloud storage or mail server. Our service is completely free for everyone. Just upload the file you want to share with your friends and we send you a downloadlink to your file. You can upload any type of file (movies, music, documents, images, zip files and more). File is free to use with no gotchas and no hidden fees.Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You decide who you want toshare your files with. We have no file size limit. There are no restrictions on the number of times a file can be downloaded. filehosting provides an easypossibility for you to send large files to your friends. So try our free and simple filehosting service now. It is also allowed to link to the download page fromwebsites and communities. Files can be downloaded from any computer from our high speed servers. Any file in any format can be uploaded and downloadedfor free. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Simply upload your file and share the link. If only we could,we surely would! On the other hand, using file can actually save you money. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. Unfortunately, we can't make that part free.
